

NGUYEN TRUNG TINH

SOFTWARE ENGINEER INTERN

OBJECTIVE

Seeking a Software Engineer Intern role to apply my backend development skills and gain hands-on experience.

EDUCATION

NGUYEN TAT THANH UNIVERSITY

2021 - 2025

INFORMATION TECHNOLOGY GPA 3.17

PROJECTS

AI AGENT

APRIL 2025 - PRESENT

Our AI-powered web app auto-classifies uploaded learning materials via DeepSeek/Gemini and emails them to the lecturer.

Technology :

NodeJs, API Gemini and API Deepseek, JWT, MongoDB, React, Git, Postman, Docker, Cloudinary, Swagger.

Features & Links :

Users upload learning materials (PDF, DOCX, etc.), which are automatically classified by AI using DeepSeek or Gemini. The system then sends an email with the categorized files to the assigned lecturer for efficient content management.

GitHub Frontend : <https://github.com/nguyentrungtinh2003/ai-agent-frontend>

GitHub Backend : <https://github.com/nguyentrungtinh2003/ai-agent-backend>

PORTFOLIO

NOV 2024 - MAR 2025

Developed a personal portfolio website using Java Spring Boot and React to showcase projects, skills, and experiences.

Technology :

Java Spring Boot, Hibernate, JWT, MySQL, React, Git, Postman, Docker, Cloudinary, Swagger.

Features & Links :

Admin login with JWT, CRUD skills, projects, personal information.
Users view information, projects, skills.

Link Demo : <https://nguyentrungtinh.vercel.app/>

GitHub Frontend : https://github.com/nguyentrungtinh2003/portfolio_frontend

GitHub Backend : https://github.com/nguyentrungtinh2003/portfolio_backend

BLOG APPLICATION

AUG 2024 - FEB 2025

Build a blog system that allows users to log in, create posts, comment, and interact via likes. Admins can manage posts and users.

Technology :

Java Spring Boot, Hibernate, JWT, MySQL, React, Git, Postman, Docker, Cloudinary, Swagger.

Features & Links :

Admin manage users, posts, comments, and categories.

User manage profile, post articles, edit and delete posts, search for posts, add comments to posts, like posts.

SKILLS

BACKEND

Java, Spring Boot, Spring Security, JPA, Hibernate, REST API, JWT, OAuth2, WebSocket, NodeJS

FRONTEND

HTML, CSS, JavaScript, React, Bootstrap

DATABASE

MySQL, MongoDB, SQL Server

TOOLS & TECHNOLOGIES

Git, Postman, Junit, Mockito.
Swagger, Jira, Linux, Docker.
Visual Studio Code, IntelliJ IDEA, Cloudinary, Vercel, Render

SOFT SKILL

Basic English Communication
Strong Teamwork Skills
Effective Presentation Skills
Fast Learner with Strong Research Skills
